Hawaii's First National Bank.

Savings and Trust Society Will Also be Inaugurated as Was Outlined Yesterday.

Ltd., were taken at the annual meeting Society for prompt payment of losses of the stocknoiders of that institution is proverbial. yesterday morning at the office of Bruce Cartwright, Merchant street. The meeting was largely attended and the utmost harmony prevailed. The greatest interest was manifested in the the form proposed in the prospectus, and there was full discussion of the resolution which gave to the board of directors full power to take the steps necessary to change the institution to the national form. The resolution also gives them the power to inaugurate the savings and trust society, outlined by Col. Macfarlane in the Advertiser. The action taken is given in the following which was offered by Bruce Cartwright and adopted by a unanimous

be it resolved. That the Board of Directors be, and they are hereby authorized and empowered to take such measures and to do and perform all acts, authority and power that are or may be necessary for the purposes of converting this bank into a National Bank under the provisions of the National Bank Act of the United States. And also to execute any and all papers to effectuate such change as may be necessary to carry out such conversion.

Be it further resolved, That when a National Bank succeeding this institution or taking over its business or a part thereof, is organized, or sooner if necessary, the Directors are authorized to call in the sum due on the subscribed apital stock, to wit: the sum of \$250,-300, and thereafter to reduce the capital stock of this bank to the sum of \$250,s00 and to carry on the business of this nstitution under its charter as a general banking, savings, loan and trust company with that capital, and to take over and deliver to the officers of the National Bank organized in this behalf, any and all property remaining and beonging to this institution and to reelve in payment thereof paid-up hares in said National Bank to the amount of \$500,000 and to deliver such stock to the stockholders of this bank n proportion to the number of shares

held by each of said stockholders. Be it further resolved, That in the vent of the change, last above set that said Directors are hereby authorized to change or have changed he name of this institution, as follows: "The First American Savings and Frust Company of Hawaii, Limited."

And said Directors are also hereby authorized and empowered to execute iny and all documents under seal or therwise necessary or proper for the orth and to pay all expenses in or incidental in the carrying out of any of the foregoing purposes.

The reports of President Cecil Brown and Cashier W. G. Cooper were presented, showing the institution to se in an excellent condition, and he annual elections of officers and lirectors were held. President Brown, 3. F. Dillingham, vice-president; W. 3. Cooper, cashier and E. M. Boyd, secretary, were re-elected, and W. M. Graham was chosen auditor in place of George McLeod, resigned. The only hange in the board of directors was the election of G. J. Waller to succeed H. M. von Holt.

The report of the cashier, W. G. Cooper, showed the profits of the first year's business to have been \$16,286.40. President Cecil Brown in his report outlined the plan later adopted by the stockholders. He said:

"There being some doubt on the matter a question has been submitted to the department of Justice for an opinion as to whether under a strict construction of the National Banking act, national bank. The provision of the National Banking Act makes provision for conversion only for banks carrying on business under the laws of the different states, and does not name a territory specifically. It is my opinion that if the bank as at present constituted can be converted into a national bank, that will be the easiest and cheapest method of availing ourselves of the provisions of that act.

"The Directors, in December of last Fort St, year, concluded to start a branch in Hilo, and in January this was done. The expense was considerable in fitting up an office and in the purchasing of the necessary supplies and furniture. So far the venture has not proved as successful at it was hoped and expected, but the future of Hilo looks so favorable for business, that it seems to me not advisable to discontinue the branch but to continue the business there (so long as it can be done) until after the next annual meeting. If, however, this institution becomes a National Bank, (not by conversion) it will have to be closed, as under the National Banking Act, no bank authorized to do business can maintain or carry on business in another place than that mentioned in the charter."

Equitable Life Assurance Society States its Case.

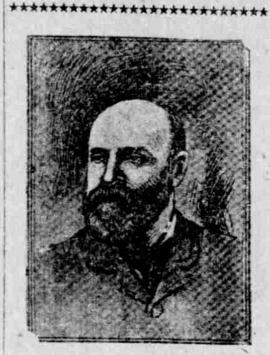

Editor Advertiser:-My attention has been called to an article appearing in your issue of July 11th in which it is stated that the Equitable Life Assurance Society of the United States had refused to pay the D. B. Smith claim. In reply I beg to state that the Society has not refused to pay this claim. and had no complications arisen in this The steps initiatory to the conversion case, the claim would probably have of the First American Bank of Hawaii, been paid long ago, as the record of the

There happen to be two claimants for the money in this case, an administrator appointed by the courts in New York State, as well as one appointed by the courts in Honolulu, and until the subject of the change of the bank into point is definitely settled as to which one of these is the proper party to receive this money and to furnish the Society with a legal release, it is not likely that they will pay over the same. The Union League Club of San Francisco presents its compliments to the Hon. Morris M. Estee and begs leave to tender him a reception at the club rooms on such date as may be agreeable to him prior to his departure for Honolulu.

Judge Estee's response accepting the tender reads as follows:

Mr. Estee is in receipt of the very kind tender of a reception to him by the Union League Club prior to his departure for Honolulu and will be most happy to be the recipient of such a reception and ventures to suggest the evening of July 16, 1900, as a date agreeable to him for the same. June 21, 1900.

The officers of the Union League Club are making elaborate preparations for the event. Two thousand invitations will probably be issued. Each member of the club will receive his own card of invitation and cards for the invitation of his guests. There is a third card for guests invited by the club.

It is expected that there will be a large attendance of representative-Californians, embracing Judges of the Federal courts, the Supreme Bench and Superior courts. The function will be non-partisan in character. Judge Estee has a host of friends in California who appreciate his worth as a citizen of the commonwealth. No doubt the speeches generally will express sentiments of personal regard for the distinguished Just guest. The clubrooms will be beautifully decorated for the occasion.
